Biography

Born and raised in Lisbon (Portugal), I graduated in 2013 with a MSc degree in Physics from Instituto Superior Técnico (I∫T/UL) - one of the best schools of engineering in the country. In my senior year, I received a grant to study at the Center for Theoretical Particle Physics (CFTP), where I completed my dissertation on flavour physics and CP violation under the supervision of Prof. Gustavo Castelo Branco. Since then I've worked as a data analyst, test automation engineer, DevOps enginner and ML consultant in areas ranging from market research to telecommunications and transportation. In 2016, I decided to return to academia and completed a PgD course in Forensic Studies from Instituto Superior de Ciências Sociais e Políticas (ISCSP/UL). Currently, I'm working as a DevOps engineer / ML consultant at Siemens while pursuing a PhD in Cognitive Science at the University of Lisbon. My dissertation will focus on the application of ML algorithms to improve the performance of EEG-based BCI systems.

Professional Experience

Siemens — Aug 2019 – Present

DevOps Engineer | *ML Consultant*

- Cloud solutions architect/administrator
- CI/CD, DevOps and AI/ML consultant
- MLOps engineer
- Technical writer and reviewer

Languages
C#, Go, Groovy, Java, Javascript, Python

Tools/Frameworks
Ansible, Docker, Git, Jenkins, Kubernetes, Maven, Sonarqube, Terraform, Vagrant

Wintrust / Innowave — Aug 2017 – Jul 2019

DevOps Engineer

- CI/CD and DevOps consultant
- Plan, design and implementation of test frameworks and automated tests
- Technical writer and reviewer

Languages
Go, Groovy, Java, Javascript, Python, Ruby

Tools/Frameworks
Angular, Chef, Confluence, Docker, Eclipse, Gerrit, Git, Jenkins, JHipster, Jira, Kafka, Karaf, Kubernetes, Maven, Nexus, PostgreSQL, Postman, Robot Framework, SoapUI, SonarQube, Vagrant

Coriant — Jun 2014 – Aug 2017

Test Automation Engineer

- Plan, design and implementation of automated tests
- Jenkins and SonarQube Administrator

Languages
C++, Groovy, Java, MATLAB, Python

Tools
Confluence, Eclipse, HP-ALM Quality Center, JBoss/Wildfly, Jenkins, Jira, OpenDaylight Platform, QF-Test, Robot Framework, SoapUI, TortoiseSVN

Education

Faculdade de Letras da Universidade de Lisboa — **Sep 2017 – Present**

PhD in Cognitive Science — **Grade:** 18/20*

Dissertation
From Thought to Action - Machine Learning Techniques for Processing Electrophysiological Signals in Brain-Computer interfaces

Supervisors
Prof. Arlindo Oliveira
Prof. Hugo Ferreira

Instituto Superior de Ciências Sociais e Políticas — **Oct 2016 – Jul 2017**

PgD in Forensic Science — **Grade:** 18/20

Instituto Superior Técnico — **Sep 2008 – Nov 2013**

MSc in Physics — **Grade:** 16/20

Dissertation
Flavour Aspects of Multi-Higgs Models

Supervisors
Prof. Gustavo Castelo Branco (*prémio Gulbenkian de Ciência 2001, comendador da Ordem de Sant'Iago de Espada 2005, Humboldt Research Award 2005, Seed of Science 2009*)

Fellowships

Centro de Física Teórica de Partículas — **Dec 2012 – Apr 2013**

Research fellowship

Computer Skills

Operating Systems

Windows, Linux (Ubuntu, CentOS, Kali), MacOSX

Cloud Platforms

AWS, Azure, Google Cloud

Programming Skills

Android	Go	LaTeX	R
C	Haskell	Lua	Ruby
C++	HTML	MATLAB	Scala
C#	Java	PHP	SPSS
Common Lisp	JavaScript	Portugol	SQL
CSS	jQuery	PostScript	VBS
CUDA	JSON	Prolog	VRML/X3D
Fortran	Jython	Python	XML

Other Tools

Apache

Ant	Giraph	Kafka	Spark
Aries	Groovy	Karaf	Subversion
Beehive	Hadoop	Mahout	TinkerPop
Cassandra	Hive	Maven	Web Server
CouchDB	HTTP Server	Mesos	ZooKeeper

Test Libraries & Frameworks

Cucumber	Google Test	Lettuce	Selenium
Cypress	JBehave	RobotFramework	TestNG

Miscellaneous

Android Studio	Github	OpenShift	TestComplete
AutoCAD	HP ALM QC	OrientDB	Vagrant
AutoIt	Jenkins	Prezi	Visual Studio
Docker	NetBeans	QF-Test	Virtualbox
Eclipse	Octave	Ranorex	Mathematica
Geant4	OpenDaylight	SonarQube	XAMPP

Certificates

Microsoft
Microsoft Certified: Azure Fundamentals

Google
Certified Associate Android Developer (CAAD)

Cloudbees
Certified Jenkins Engineer (CJE)

Coursera
- Machine Learning
- The Data Scientist's Toolbox
- R Programming
- Neural Networks for Machine Learning
- Natural Language Processing
- Compilers
- High Performance Scientific Computing
- Beginning Game Programming with C#
- From NAND to Tetris

Code School
- Try Ruby
- Rails for Zombies Redux ☠

edX
- Introduction to Big Data with Apache Spark
- Scalable Machine Learning

Tellabs
- Electrostatic Discharge Protection

Udacity
- Associate Android Developer Fast Track
- Scalable Microservices with Kubernetes

Udemy
- Basics of Scrum, Agile and Project Delivery
- Eclipse IDE for Beginners: Increase Your Java Productivity

Linguistic Skills

Deutsch (elementary proficiency), *English* (full professional proficiency), *Español* (professional working proficiency), *Français* (professional working proficiency), *Italiano* (elementary proficiency), *Português* (native or bilingual proficiency)

Hertford College (Oxford) **July 2006**

Certificate in Advanced English - Grade B

St. Hugh's College (Oxford) **July 2004**

First Certificate in English - Grade C

Honors & Awards

Siemens AI@Sustainability Hackathon **June 2020**

Team Mobility - Technical Excellence

Talks

Siemens IT Talks - *Machine Learning and Smart Agents* **September 2019**

12th Workshop on Biomedical Engineering - *ML for Medicine and Healthcare* **October 2020**

Conferences

Summer School on ML and Big Data with Quantum Computing (SMBQ2020) **September 2020** Porto, Portugal

Neural Information Processing Systems (NeurIPS2019) **December 2019** Vancouver, Canada

Jenkins World EU 2019 **December 2019** Lisboa, Portugal

Labfon – Summer Training in Experimental Methods (STEM V) - EEG/ERP **July 2019** Lisboa, Portugal

International IEEE EMBS Conference on Neural Engineering (NER'19) **Mar 2019** S. Francisco, USA

DockerCon EU 2018 **May 2018** Barcelona, Spain

Jenkins World EU 2018 **May 2018** Nice, France

ChefConf 2018 **May 2018** Chicago, USA

DevOpsDays Copenhagen 2018 **Apr 2018** Copenhagen, Danmark

Iberian Strings 2013 **Jan 2013** Lisboa, Portugal

Discrete 2012 **Dec 2012** Lisboa, Portugal

Volunteer Experience

Projeto Sonhar+ **Feb 2017 – Aug 2017**
Webmaster

Sonhar+ is a non-profit organization from Lisbon, Portugal that supports poor populations in developing countries. Made of a team of students, teachers and professionals, all members share the same values of altruism, social responsibility, passion, courage, hard work, team spirit and, above all, a strong desire to make the world a better place.
